

Brinker Services LLC: Jonathon Brinker

My name is Jonathon Brinker. Before college, I attended Troy High School in southeast Michigan. I graduated from Central Michigan University (CMU) with honors. Graduating with bachelors in Entrepreneurship and Professional Sales. Courses at CMU included: Emerging Venture Consulting, Advanced Selling and Negotiation, Organization Selling, Entrepreneurship in a Global Economy. During my studies at CMU, I worked at Blue Cross Blue Shield of Michigan (BCBSM). At BCBSM, I did graphic design, wireless application distribution, and HTML documents. Furthermore, I worked for Research Into Internet Systems (RIIS). RIIS improved my skills within Adobe CQ, Dreamweaver, Photoshop, and Eclipse.

I was born with Aniridia. Basically, this means that I was born without an iris. Considering me legally blind. This disability will never deter me from my future endeavors.

Hobbies from an early age have included web development. I started teaching myself HTML, CSS, and some C++. Shortly after, I started advancing into PHP and Javascript. I began to advance into Central Management Systems (CMS), such as Wordpress. These hobbies started my forum Bootleg Cinema, which succeeded over 100,000 members. I sold the forum in my first year of college.

During my studies at CMU, I began to take courses on Social Media, Marketing and Branding, and the Economy. These courses advanced my insight on social media marketing, search engine optimization, and traffic generation.

Currently, I am advancing my business, Brinker Services LLC. We offer services within online marketing, web optimization, content creation, and web development. As of August 12, 2014, I have clients including: Vantage [Plastics](#), Durable Glass, Gilbert & Sons Seamless Gutters, DM Log Staining, El Pais De Sarah (Blog).
