

Vantage **Plastics**: Trucking

While many of our customers handle their own shipping logistics, Vantage **Plastics** is highly capable of providing this service when desired. Vantage **Plastics** owns and operates one semi-truck with a fifty three foot (53') enclosed trailer which can be used to move products to and from our customers. Additionally, we have relationships with several local trucking companies, and work with them daily to arrange shipments all over the United States, Canada, and Mexico. The shipping department at Vantage **Plastics** is open daily from 9:00 AM to 4:00 PM (EST) Monday through Friday. Since we realize our customers often have deadlines which rely on receiving our products, we make these shipping services available outside of these normal hours, and on weekends by request.
