

# CAPABILITY STATEMENT

vantageplastics.com

## Who We Are

Our company specializes in creating innovative and sustainable plastic solutions through thermoforming and injection molding. Vantage Plastics' mission focuses on "Forming Solutions, Forming Better Lives, and Forming Sustainable Futures," emphasizing the development of superior products, enriching the lives of our employees and communities, and promoting environmental responsibility. We have expanded significantly, now operating multiple facilities with advanced manufacturing capabilities and recycling programs, serving diverse industries with high-quality, customized plastic products.

## Core Competencies

- **Custom Thermoforming:** 18+ machines that run HDPE, HMWPE, ABS, TPU and more types of plastics for infinite applications.
- **Injection Molding:** 10 injection molding machines (up to 1100 tons) and 1 low pressure structural foam injection molding machine.
- **Extrusion:** 5 lines capable of production over 52 million pounds of plastic sheet each year.
- **Recycling:** Edge Materials Management process over 13 million pounds of post-industrial plastic and structural foam per year.
- **Engineering and Design:** Advanced technologies, including robotics and automation, to develop innovative, future-proof products that are recyclable and reusable.

## Differentiators

**Integrated Manufacturing:** In-house thermoforming, injection molding, plastic sheet extrusion, recycling, and tooling capabilities.

**Proprietary Products:** VanTech, VanStack, and VanPack solutions ensure safer and cheaper product transport.

**Community Engagement:** The WELL Outreach our 501c3 non-profit focused on employee and community outreach.

## Company Information

**Cage Code:** 33FWF

**UEI:** NM4EYDJ3CA39

**DUNS:** 877424804

**NAICS Codes:**

**326199** - All Other Plastics Product Manufacturing

**423930** - Recyclable Material Merchant Wholesalers

## Awards

- 2023 GM Supplier of the Year Award Winner
- Society of Plastics Engineers Gold Awards (2)

## Certifications

- ISO 9001:2015 Certified
- NSF Certified
- Small Business
- Application for HubZone certification being made
